REFLECT, RENEW, RESPOND is an inter-parish collaboration between St. Thomas', Farmingdale and St. Boniface, Lindenhurst Episcopal churches. It represents the synergy of our strengths, assets, mission and key opportunities to support and expand our churches' loving, liberating, life-giving relationship with God, with each other and with Creation and heeds the call to:

REFLECT (Life Giving) – changing our habits and choices to live more simply, humbly and gently on Earth and in community with one another.

RENEW (Loving) – sharing stories of concern for the Earth and connect others to care.

RESPOND (Liberating) – standing with those most vulnerable to environmental degradation and climate change.

This initiative is supported by a grant through the National Episcopal Church Grant for Care of Creation and Environmental Justice.
